16th International Conference on Human Retrovirology: HTLV and Related Retroviruses

Benoit Barbeau

From 16th International Conference on Human Retroviruses: HTLV and Related Viruses
Montreal, Canada. 26-30 June 2013

The 16th International Conference on Human Retrovirology: HTLV and Related Retroviruses took place in Montreal (Canada) from June 26th to June 30th, 2013. The main topic covered during the meeting was human T-lymphotropic viruses (HTLVs) and was subdivided in distinct sessions: clinical research, animal models, immunology, molecular and cellular biology, human endogenous and emerging exogenous retroviruses and virology. The following abstracts were presented. Additional information about the conference can be found in Additional File 1.
